NEW YORK SAILINGS.

Take place from Red Star Pier 14, North River foot of Fulton Street, New York, adjoining Pennsylvania Railroad and Delaware, Lacka. & Western R. R. Ferries.

3317

As the Red Star Line expects to remove to its new pier, No. 59 North River, about February 1, 1910, passengers should be careful to ascertain at time of booking the pier from which the steamer will sail on which they have secured passage.

THIRD-CLASS ACCOMMODATION.

On all steamers of the Red Star Line special attention is paid to the Third-Class Accommodations which are located on the same deck as the Cabins. They are well ventilated and heated in the winter time also lighted by electricity.

3318

The rooms are located on the side of the ship, while the space in the centre is left open for the tables. The meals are served by stewards, on tables covered with table cloths. The eating utensils are furnished and cared for by the company.

Single men, women and families are berthed separately. The large Twin-Screw steamers "Vaderland" (12,017 tons) "Zeeland" (11,907 tons) and "Kroonland" (12,185 tons) have excellent Third-Class accommodations and are fitted with small rooms for married couples and families.

The third class accommodation of the twin screw steamer "Lapland" 18,694 tons, is the best that years of experience can suggest. The "Lapland" will offer all the comforts now considered essential by this large and discriminating class of passengers.

3319

INSTRUCTIONS.

All Previous European Railroad Tariffs of The Hamburg-American Line are hereby cancelled.

1. The within tariff contains the rates of European railroad fares between inland points in Europe and the ports of Hamburg and Boulogne s/M, and should be used only in connection with steerage and third cabin tickets by the Hamburg-American Line (Express Service and Regular Service).

2. Net Rates. The rates contained in this tariff are net and *no commission is allowed on them.* 3392

3. Class. Agent's advice should state plainly whether tickets are issued for third or fourth class. Fourth class cars are run in Germany only, and if fourth class fares are quoted from places in other countries, they include third class fare to the German frontier.

4. Children. Half rates on European railroads are charged as follows: In Switzerland for children from 3 to 10 years; in France for children from 3 to 7 years in Germany and Austria for children from 4 to 10 years. Children under 3 or 4 years of age are free. 3393

5. Baggage. On all German, Austrian and Russian railroads 50 lbs. of baggage are allowed free of charge on each full ticket third class; only hand baggage is carried free on fourth class tickets; on French, Swiss and Italian roads 220 lbs. (100 kilos) are allowed on each full through-ticket. Excess of weight must be paid by the passenger to the railroads at their tariff rates.

6. Information. Passengers entitled to free European railroad fare receive all necessary information from the Company in Hamburg, or its agents.

INSTRUCTIONS.

3488

All Previous European Railroad Tariffs of the Hamburg-American Line are Hereby Cancelled.

1. The within tariff contains the rates of European railroad fares between inland points in Europe and the ports of Hamburg and Boulogne s/M, and should be used only in connection with steerage and third cabin tickets by the Hamburg-American Line (Express Service and Regular Service).

2. Net Rates.—The rates contained in this tariff are NET and *no commission is allowed on them.*

3. Class.—Agent's advice should state plainly whether tickets are issued for third or fourth class. Fourth class cars are run in Germany only, and if fourth class fares are quoted from places in other countries, they include third class fare to the German frontier. 3489

4. Third cabin passengers cannot be booked through to destination at fourth class railroad rates, these being available only for steerage passengers. Passengers who may be through-booked contrary to these instructions will have the railroad fare refunded

3490 *Petitioner's Exhibit 204 for Identification*

to them before embarkation, and they will then have to arrange for their own rail transportation after arrival in Europe.

5. Children.—Half rates on European railroads are charged as follows: In Switzerland for children from 3 to 10 years; in France for children from 3 to 7 years; in Germany and Austria for children from 4 to 10 years. Children under 3 and 4 years of age are free.

3491 6. Baggage.—On all German, Austrian and Russian railroads 50 lbs. of baggage are allowed free of charge on each full ticket third class; only hand baggage is carried free on fourth class tickets; on French, Swiss and Italian roads 220 lbs. (100 kilos) are allowed on each full through-ticket. Excess of weight must be paid by the passenger to the railroads at their tariff rates.

7. Information.—Passengers entitled to free European railroad fare receive all necessary information from the Company in Hamburg, or its agents.

IMPORTANT NOTICE

3528

Through Booking of Third Class Outward Passengers
to Russia, Austria, Hungary, etc.

To meet the requirements of recent regulations enacted by the German Government, the attention of agents is called to the necessity of booking all outward third class passengers passing through the German Empire to their destination in Russia, Austria, Hungary, etc., either to one of the following stations: Bajohren, Eydtkuhnen, Illowo, Insterburg, Myslowitz, Oderberg, Oswiechm, Ostrowo, Ottlotschin, Posen, Prostken, Ratibor, Tilsit and Thorn, or to such points,

quoted in our European Inland Tariff and not situated in Germany, which are nearest to passengers' final destination.

HOLLAND AMERICA LINE

July 1st 1911.

GENERAL REMARKS.

ALL PREVIOUS ISSUES OF EUROPEAN INLAND TARIFFS
OF THE HOLLAND-AMERICA LINE ARE
HEREBY CANCELLED.

3530

1. The rates to and from European Inland Points quoted in this tariff which cover transportation by regular trains (not by fast trains) are to be applied only in connection with third class ocean tickets issued to or from Rotterdam or Boulogne-sur-Mer.

2. These rates are net and no commission is allowed on them.

3. Fourth class railroad accommodation is in use in part of Germany only. If a certain point cannot be reached over the entire route in the fourth class, our fourth class rates will be found to include third class rail transportation for the part of the journey where there is no fourth class in existence.

3531

4. The boat rates quoted in this tariff entitle passengers to transportation by Rhineboat to a point nearest to destination; from there cheapest rail transportation will be provided.

No tickets at boat rates should be sold between November 1st and March 31st.

5. Children. Half rates on European railroads are charged as follows:

3532

Petitioner's Exhibit 205 for Identification

In Switzerland	children from 3 to 12 years.
" France	" " 3 " 12 "
" Holland, Germany and Austria	" " 4 " 10 "
" Belgium	" " 4 " 10 "

Children under 3 or 4 years travel free, according to country through which they travel as specified above.

6. No board is furnished on European railroads, Rhineboat or Mediterranean Steamers; passengers should provide for this themselves.

3533

7. Baggage. Passengers will receive as much baggage free as the railroads in the different European countries allow. On most of the European railroads 25 kilos or 55 lbs. per adult on third class tickets are allowed free. On fourth class tickets only handbaggage is carried free. Between Marseilles, Modane and Boulogne-sur-Mer 100 kilos (about 220 lbs.) of baggage are carried free per adult, whereas on the Rhineboat 110 lbs. per adult are allowed free. Overweight is always at passengers' expense.

3534

8. Prepaid-passengers booked from European Inland Points should apply to one of the European offices or agencies of the Holland-America Line for travelling instructions.

Dear Sirs:—The above Steamship Lines, composing this Conference, have adopted the following Rules and Regulations for the conduct of the steerage business, all of which will be rigidly enforced in spirit as well as letter. Agents will please report any violation of the Rules and Regulations that may come to their knowledge, *with proof*, to the Secretary, No. 5 Bowling Green, New York.

Children one year old, and under 12 years of age, shall be charged half rates.

The attention of Agents is especially directed to the following Rules and Regulations of the Conference. Any Agent who shall not comply therewith will be fined or disqualified, as Conference may decide. 4977

1. Agents must in all cases adhere strictly to the gross Tariff rates—all drawbacks, discounts, commissions, presents or allowances, of any description, made with a view of influencing passengers, are prohibited.

2. The actual amount received for passage money must always appear on the passage ticket, which must also bear the actual date of issue, and place of sale. There must be no return or division of any portion of

the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

3. No commission shall be paid to Agents on letters or cards of introduction. No Agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt by him of the passage money.

4979

4. No Agent shall send, or allow others to send his tickets to the City of New York, or any other place, or to any other Agent for sale; and no Agent shall accept or hold for sale any tickets other than those supplied him by a head office or the General Passenger Agent of a Conference Line.

5. No Agent in the City of New York or elsewhere will be permitted to solicit persons at other places to apply to him for passage by the naming of any rate lower than the gross Tariff rate, either personally or by letter, circular or newspaper advertisement.

4980

6. Except in the territory of the Trunk Lines (as now existing) prepaid tickets shall be issued only for *through passage* to final destination of passenger. No Line or its Agents shall pay Sub-Agents more than the regular official commission on both ocean and inland fare.

7. When an Agent advertises or offers a rate for passage to or from Europe, he must name the Line by which such rate is available.

8. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

9. Bill posting must be restricted at all places to the immediate premises of each Agent.

10. From the amount refunded for unused steerage tickets, there shall be deducted, from the net amount received by the Line for such tickets, a cancellation fee of 10% of the gross passage money, but in the case of *bona fide* purchasers no cancellation fee shall be deducted.

11. Any Agent who shall be reported to be in default to any Line party to this Agreement, shall thereupon be dismissed and disqualified by all other Lines parties hereto.

12. When an Agent is disqualified, the sale of steamship tickets at his place of business and/or residence is thereby prohibited. 4982

13. No Line shall employ any Agent who shall be disqualified for reasons approved at a meeting of the Conference.

14. For any violation of these Rules, and unless otherwise therein provided for, Agents shall for the first offense be fined not exceeding \$100; for the second offense not less than \$100; and for the third offense they shall be disqualified. Nothing, however, herein shall prevent the Conference from disqualifying an Agent for any offense, if circumstances warrant. 4983

15. No Agent shall be justified in allowing commissions, or committing any breach of the Conference Rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge, *with proof*, to the Secretary, or to some party to the Agreement.

*To All Agents.*The Rules and Regulations as now in force, of each
of the Lines, covering all of their several Services.

and which relate to first class, second class and third class or steerage passages, are reprinted below for the convenience and guidance of agents.

The agents must comply with the letter and spirit of these Rules and Regulations, under the alternative of loss of agency or such other action as may be warranted in each case.

Agents are especially requested, in compliance with a Rule below, to report any violation of the Rules and Regulations that may come to their knowledge, *with proof*, to the Conference.

Each Line will fix and will announce on its own circulars the rates of passage by its steamers and the commissions to be retained by its agents. 4988

The Rules and Regulations are as follows:

1. All tickets must be sold at current tariff rates. The entire amount of commission granted by the Line must be retained by its agents. All drawbacks, discounts, commissions, presents or allowances, of any description, made with a view of influencing passengers, are prohibited. No improper inducements shall be held out, directly or indirectly, to purchasers of tickets, whether by offer in letter, circular or newspaper advertisement or otherwise. 4989

2. Steerage passengers booked through to inland points in Europe or to or from inland points in America, on both outward (Eastbound) and prepaid (Westbound) business, shall be charged the actual tariff inland American and/or European rail rates in addition to the ocean fare, except where special through rates are authorized by circular of a Steamship Line.

3. The actual amount received for passage money must always appear on the passage ticket, which must

also bear the actual date of issue and place of sale. Advices of all sales must be sent to the General Agents *promptly*, accompanied by remittance.

4. No commission will be paid by any Line to agents on letters or cards of introduction. No agent shall be entitled to a commission except on the actual issue of a ticket and direct receipt by him of the passage money.

4991 No agent shall accept any commission or allowance of any description from any person, firm or company, in Europe or in America, on the business he transacts except the commission granted him by the Conference Line or Lines he represents by direct appointment.

5. No agent shall send or allow others to send his tickets outside of his own office for sale. No agent shall sell tickets to or have dealings with former or disqualified agents, peddlers, runners or persons of any sort, endeavoring to do steamship business, nor shall he be allowed to employ agents of any description, or any person to solicit steamship business in front of his office.

4992 6. Agents shall be allowed to sell passage tickets only in the office for which they have been appointed. No agent shall be allowed to sell tickets for a Line he does not represent or assist in any way to procure such tickets. No agent shall be allowed to sell tickets to another agent over any Line which the latter does not represent. Agents are prohibited from advertising themselves as agents for, or to do business in any way over, Lines they are not authorized to represent by direct appointment.

7. No agent shall hold or accept for sale any form of tickets other than those supplied him by the Conference Line or Lines he represents. No agent shall issue orders, certificates, passage contracts or tickets

of his own or of any other individual or firm, etc., nor shall he be permitted to issue orders, certificates, passage contracts or tickets on private correspondents or firms in Europe or elsewhere for outward or prepaid business. No agent shall advise the names or addresses of prepaid passengers to any one in Europe or elsewhere.

8. Any agent who shall be ascertained to be in default to a Line, Member of this Conference or of the Continental Conference, or of the Mediterranean Conference, shall thereupon be dismissed and disqualified by all the Lines, Members of these Conferences.

4994

9. Agents are prohibited from booking passengers for any steamer except those of the Lines, Members of the Continental, the Mediterranean and the North-Atlantic Passenger Conferences, unless Conference gives express permission in writing. Agents are prohibited from selling passage tickets under false representations as to the Line or the route by which the passenger is to be transported.

10. *Advertising.*

(a) By the term ADVERTISEMENT shall be covered all posters, circulars, handbills or other announcements in regard to Steamship business, newspaper advertising, paid reading notices, etc.

4995

(b) All advertisements shall conform to the truth.

(c) No comparison shall be made in any advertisement or verbal statement made, reflecting upon or instituting unfavorable comparisons between one Line or steamer and any other.

(d) All advertisements shall contain the date and place of issue.

(e) All advertisements or offers otherwise of a rate of passage to or from Europe shall include the name of the Line and service (and/or steamer if more than

one rate applies to its steamers) over which the rate is available, and with a rate advertised or offered otherwise in the interior a clear statement shall be made whether it is for ocean passage or for through ocean and rail passage and showing the class of accommodation covered thereby.

(f) All advertisements announcing reductions in rates shall include the actual rates.

(g) No cut of a steamer not employed in the North Atlantic trade of a Line, Member of Conference, shall be used in an advertisement.

4997

(h) No claim shall be made in an advertisement of a greater size for a steamer than the gross registered tonnage of such steamer as published in Lloyd's Register, the Bureau Veritas or Germanischer Lloyd.

(i) Bill posting must be restricted at all places to the immediate premises of each agent.

(k) No agent shall advertise himself as a "general agent" or "general passenger agent" on letterheads or otherwise.

4998

(l) All advertisements or circulars issued by General Agents, or Agents, must be submitted to and approved by the General Agents of the Line either in New York, Montreal, Boston, Philadelphia or Chicago, before publication. If this is not done and any advertisement is issued of an objectionable nature, the Agent will be liable to penalties, provided for elsewhere, for violation of rules.

11. No advices of prepaid steerage tickets will be accepted by any Line unless the passengers are booked through to final destination. *Agents must remit immediately* upon the sale of a prepaid steerage ticket for the ocean and inland transportation to either the General Agency at the port of landing in America of the Steamship Company by which the prepaid passenger is to be forwarded, or to the official General Passenger Agency of such Company in the interior in

whose territory the agent is located. Colonist rail tickets may be issued in the Dominion of Canada in connection with ocean tickets.

12. When an agent is disqualified, the sale of Steamship tickets for all classes of business at his place or places of business and/or residence is thereby prohibited.

By the term "agent" is covered the individual or the members of a firm employed as agent.

The members of a firm declared disqualified are therefore also declared to be individually disqualified.

13. Agents will be held responsible for all transactions, relating to the business of the Lines, carried on in their offices or premises, whether by themselves or others. 5000

14. Agents shall not be entitled to commission on tickets purchased to test the observance of rules, even though no rule may have been violated in making the sale.

15. For any violation of these Rules, and unless otherwise therein provided for, agents shall for the first offense be fined not exceeding \$100; for the second offense not less than \$100; and for the third offense they shall be disqualified. Nothing, however, herein shall prevent the Conference from disqualifying an agent for any offense, if circumstances warrant. 5001

16. *No agent shall be justified in committing any breach of these Rules because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge, with proof in the form of an affidavit, to the Conference or the General Agents of any Conference Line.*
